U.S.A. vs. Gonzales, Jaycob Tyler Docket No. 0980 2:22CR00139-TOR-1

## Petition for Action on Conditions of Pretrial Release

COMES NOW Linda J. Leavitt, PRETRIAL SERVICES OFFICER, presenting an official report upon the conduct of defendant, Jaycob Tyler Gonzales, who was placed under pretrial release supervision by the Honorable James A. Goeke, sitting in the Court at Spokane, Washington, on the 20th day of October 2022, under the following conditions:

District of Idaho Conditions of Release (ECF 11) upheld by Eastern District of Washington (ECF 29):

**Additional Conditions of Release #13:** The defendant must not use or unlawfully possess a narcotic drug or other controlled substance as defined in 21 U.S.C. § 802, unless prescribed by a licensed medical practitioner. The defendant must not use or unlawfully possess drug paraphernalia.

### RESPECTFULLY PRESENTING PETITION FOR ACTION OF COURT FOR CAUSE AS FOLLOWS:

On October 25, 2022, the conditions of pretrial release supervision were reviewed and signed by Jaycob Gonzales, acknowledging an understanding of his conditions.

**Violation #1:** Mr. Gonzales is alleged to be in violation of his pretrial release conditions by consuming methamphetamine on or about October 31, 2023.

On November 3, 2023, this officer received an email from Mr. Gonzales' supervising probation officer in the District of Idaho, advising Mr. Gonzales missed a random urinalysis (UA) test on November 2, 2023. According to the supervising officer: "I contacted him about the missed UA and he said he would come in to the office if required to provide one. I was already out in the field and told him I would stop by and get one. The UA he gave at his residence was presumptive positive for methamphetamine. He was forthcoming about the use and told me he used on 10/31/2023. He had just had his change of plea hearing the week prior and was stressed about the amount of time he is likely serving. He met with an old contact and used meth with the individual. He provided me a written admission."

According to the supervising officer, Mr. Gonzales was directed to secure a substance use disorder assessment and follow all treatment recommendations.

On November 7, 2023, this officer was contacted (via email) by the supervising probation officer advising Mr. Gonzales secured an assessment appointment for November 14, 2023, at 11 a.m.

Mr. Gonzales acknowledged the need for treatment and has expressed a desire to receive help to better himself. He understands the consequences of any similar continued behavior that may ultimately result in going before the Court. He was encouraged to make good choices that will place him back on the successful track he was on. This officer respectfully recommends no action be taken at this time. Should Mr. Gonzales continue to violate any of his conditions of supervised release, he will be referred to the Court for corrective action.
